

About Us

Family Dental Clinic was started in the year 2002 and right from inception has been at the forefront of Dental Healthcare, committed to providing world-class dental treatment at affordable rates. The clinic aims at offering different specialities of dentistry like Cosmetic Dentistry and Restorative Dentistry, Orthodontics, Endodontics, Periodontics, Prosthodontics and dental implants all under one roof. At our Clinic we utilise the latest in dental techniques and technology to make your dental visit as painless and comfortable as possible. Our state of the art dental practice is staffed by a specialised dental surgeon and highly trained dental professional committed to the highest standards of excellence. The combination of competent and experienced staff and advanced technologies assure you the best oral hygiene and good care.

Dr. Menon - Dental Surgeon

Dr. Menon is a native of Bangalore and currently resides in Block B-4, Safdarjung Enclave and is committed to her private practice, Graduating from Bangalore University, in the year 1997, having work experience in teaching and practicing for an Institution along with extensive private practice experience since 1997. She believes in educating patients on good oral hygiene and giving a complete treatment plan to patients as understanding the procedures is important.

Dr. Menon frequently attends dental conventions, hands on courses and dental exposure to keep herself updated about the latest techniques and material in dentistry. She has a keen interest in cosmetic dentistry.

Mission Statement

Our Mission is to provide families with superior dental services in a caring, comfortable, professional and hygienic environment. We are committed to our service of Treatment on good Oral Health to every individual.
